Next Board/Club Meeting

**Tuesday, August 27th
6PM, Hummel Field**

There Are Still Lots Of Days Left to Fly!

As we head towards fall (29 days away), we can count on some great days for flying. Our field is in great shape thanks to our mowing crew and all the volunteers that help. We do need some minor maintenance on the starting and work tables so I'll look into the materials that we'll need.

Chef Greg has been working hard to arrange food for our Tuesday night Fun Fly's. I'm sure you've seen his new emails asking for attendance. The heat has caused some cancellations due to poor or unknown attendance so please be sure to let him know if you'll be at our weekly events. Thanks, Greg, for the great job.

I delivered our ten new chairs to the field on August 1st and I see they are already in use. We were lucky to find the same ones as we purchased before, on sale (\$6 off) and without sales tax. These chairs have held up well and they sure are comfortable.

After our meeting last month, we welcomed a returning member from several years ago. David Kelhoffer has rejoined our club so be sure to welcome him at the field. Welcome, David!

I hope our "plane in a tree" issue has been resolved. This message came from George, Dick Hummel's caretaker. George lives on Earnhart Drive and was approached by a neighbor about the plane whose wing had broken off but the rest of the plane was in the tree. He wasn't exactly sure which tree, so I'm sure it was a hunt to find it if we did. Thanks to George.

We'll be anxious to hear about the event at the Air Force Museum this month. When food was mentioned, several members signed up to attend. Thanks for representing the Club!!

SUPER SCALE SUNDAY is our next event and we're hoping for a good weather and turnout. A revised brochure is attached and I'm taking a stack to the Hobby Shop and emailing to over 40 clubs around our area. I'm also going to put an ad in the local newspaper. Please mark your calendar as we can use all the volunteers, food and help we can get.

In the past, several members have offered various planes, etc. for sale. Next month in the September WORKSSheet, I'm going to include a new page of WORKS Classified ads. Send me pictures and details of anything you'd like me to publish.

Our next meeting is Tuesday, August 27th at the field, food at 5:30PM, meeting at 6PM. See you then. Kim

Quotes of the day!

"It flew perfectly...all the way to the scene of the crash"

"There are two types of RC planes: ones that have crashed and ones that will"

"Those were touch and goes, or nice landings...all 7 of them!"

And finally, "My friend got a new 3D plane for his wife....best trade ever!"
